About Us

When it comes to purchasing a mattress, it can be a daunting task to navigate through the numerous options available in the market. The process of selecting the right mattress involves considering various factors such as the level of support, firmness, and material composition, among others. This process can be stressful and challenging for most people, which is why it is essential to choose a reputable company that can provide the necessary guidance and support throughout the buying process.

With over 8 years of industry experience, Dr.Orthopluse has developed a range of mattresses with varying comfort levels that cater to the individual needs of our customers. This variety ensures that customers have a wide range of options to choose from, and they can find a mattress that suits their specific needs and preferences. The company's commitment to meeting the needs of its customers is a testament to its dedication to customer satisfaction.

Supporting your Dreams
& your Back

We are dedicated to using raw materials that are not only beneficial to the user's health but also have a positive impact on the environment. This commitment to environmentally friendly practices is a reflection of the company's empathy for its customers' health and the environment. The company's mattresses are designed to provide a comfortable and healthy sleep experience, free from any harmful chemicals that could potentially harm the user's health or the environment.

In addition to this, Dr. Orthopluse prides itself on its honesty and transparency. The company strives to be as transparent as possible in its operations, providing customers with all the information they need to make an informed decision when purchasing a mattress. This honesty and transparency build trust with customers, making them feel more confident in their decision to choose us as their mattress provider.

Mission

Our mission is to create a better world through better sleep. We want to promote healthy living by providing quality mattresses that help people sleep better, feel better, and live better. Our mattresses are designed to provide maximum comfort and support, so you wake up feeling refreshed and rejuvenated.

Vision

Our vision is to be the number one choice for people looking for comfortable, supportive, and affordable mattresses in the Country and eventually in the world. We are committed to bringing the best quality mattresses to our customers, and we do not compromise on quality. With the use of the best materials, innovative designs, and the latest technologies to create mattresses that provide the ultimate comfort and support.

Dream Land

Dream Land is the ultimate opulent comfort for a mattress. Its Eurotop Pillowtop design features an additional layer of memory foam that's artfully arranged in a pillow-like configuration on top of the mattress. This lavish mattress is meticulously designed with a triple layer of premium foam to ensure the utmost comfort. The base layer is made of top-quality Ortho-bonded foam, followed by a layer of high-density Premium HR/ High Resilience bond foam, and the topmost layer consists of memory foam. To heighten the sense of luxury, Majestic is topped with an ultra-luxury Polar Fleece fabric that is both breathable and exceptionally soft. Lying on Majestic feels like drifting on a fluffy cloud, as it provides unrivaled cushioning and pressure relief.

Golden Nappy

The Golden Nappy mattress embodies its name by adding a touch of grandeur to your bedroom decor. It is designed with a unique moisture absorption system, featuring exceptional airflow that keeps you cool and comfortable throughout the night. The mattress is covered with luxurious Polar Fleece fabric, topped with PU soft foam quilting that adds an extra layer of comfort. The ortho-bond foam layer provides firm support while balancing comfort, thanks to the insulating cotton felt. The most crucial layer of the mattress is the high-density, high-resilience foam, which blocks any disturbance caused by the movement of the person sleeping next to you. With the Regalia mattress, you can rest easy knowing that you have the perfect balance of comfort and support.

Eurosoft

Our Eurosoft Mattress incorporates pocketed spring technology, which effectively reduces motion transfer from one part of the mattress to another. The mattress also features a PU soft foam layer and quilting, giving it an added bounce. However, this should not be mistaken for reduced durability, as the mattress is designed to maintain its sturdiness over time. The Belgium knitting fabric used in the construction of the mattress further contributes to its longevity, ensuring that you get the most out of your investment.

Executive

Executive is designed with a perfect blend of Bonnel Spring and high-density cotton felt. Its superior quality is further enhanced by extra padding of pure soft foam on both sides of the mattress, ensuring maximum comfort. The edges of the mattress are supported by pure foam to provide stability and prevent sagging. This combination of materials and features ensures an exceptional sleeping experience, giving you a well-rested and rejuvenated feeling every morning.

Magenta

The Magenta mattress has been meticulously constructed with high-density Ortho Bonded foam that uniformly disperses body weight to support your body. The Ortho Bonded foam is covered with PU soft foam on the top and bottom, which provides you with luxurious comfort. Additionally, the Magenta mattress features a layer of Extra Soft Foam, enhancing the mattress's sturdiness. Dr. Orthopluse's Cloud comes with an extra PU soft foam quilting as Eurotop and is finished with high GSM Belgium knitted fabric.
